# COUNTY OF UVALDE

100 N. GETTY STREET  
UVALDE, TEXAS 78801

---

March 4, 2020

The Honorable District Judge  
Camile G. DuBose, 38th Judicial District

The Honorable Commissioners' Court, Uvalde County, Texas  
William R. Mitchell County Judge  
Randy Scheide County Commissioner, Precinct I  
Mariano Pargas County Commissioner, Precinct II  
Jerry Bates County Commissioner, Precinct III  
Ronnie Garza County Commissioner, Precinct IV

The Citizens of Uvalde County

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

Pursuant to that requirement, the comprehensive annual financial report of Uvalde County for the fiscal year ended September 30, 2019 is hereby issued.

This report consists of management's representations concerning the finances of Uvalde County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, the management of Uvalde County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Uvalde County's financial statements in conformity with GAAP. The cost of internal control should not outweigh the benefit; therefore, Uvalde County's comprehensive framework of internal control has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As financial management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Uvalde County's financial statements were audited by Beyer & Co, CPAs, licensed certified public accountant. The goal of the independent audit was to provide reasonable assurance that the financial statements of Uvalde County for the fiscal year ended September 30, 2019 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Uvalde County's financial statements for the fiscal year ended September 30, 2019 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Uvalde County's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Government**

On February 8, 1850 the County of Uvalde was formed by the legislature from part of Bexar County and named for Spanish governor Juan de Ugalde. The County is located in the southwest part of the State of Texas with tourism and agriculture as the major industries. Uvalde County covers 1,557 square miles and has a population of 26,405 per the United States 2010 Census.

Uvalde County is a political subdivision of the State of Texas with no legislative powers and very restrictive judicial and administrative powers. The governing body of the county is the Commissioners' Court which consists of five members. The County Judge is the chairman of the Court and the Commissioner from each of the four precincts are also members. The Court has only such powers as are conferred upon it by the Constitution, Statutes, or by necessary implication there from. Uvalde County provides many varied services for its citizens including judicial, detention facilities, public safety, county roads, emergency medical service, health and limited social services, public improvements, libraries, and general administrative services.

In counties with a population less than 125,000 the County Judge serves as the budget officer assisted by the County Auditor. The County Judge may also solicit from each department whatever data may be required to prepare an accurate budget. The budget is presented on a line-item basis and adopted on the fund level. The budget must be itemized to make possible a comparison of the proposed expenditures with the prior year expenditures. The budget must show as accurately as possible the purpose of each expenditure and the amount of money appropriated.

Upon completion of the proposed budget, the County Judge files a copy with the County Clerk and places same on the official website. The Commissioners' Court holds a public hearing on the proposed budget. All taxpayers of the County are encouraged to attend and participate in the hearing.

At the conclusion of the public hearing, the Commissioners' Court takes action on the proposed budget. The Commissioners' Court may make any changes in the proposed budget that it considers warranted by law and required in the best interest of the taxpayers. The Commissioners' Court may levy taxes only in accordance with the budget. After final approval of the budget, the County Judge shall file a copy with the County Clerk and place same on the official County website, spending county funds only in strict compliance with the budget, except in an emergency.

The Commissioners' Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention. If the Court amends the original budget to meet an emergency, the Court files a copy of its order amending the budget with the County Clerk. The clerk attaches the copy to the original budget.

The Commissioners' Court, by order, may amend the budget to transfer an amount budgeted for one item to another budgeted item within the same fund without authorizing an emergency expenditure.

State law requires counties to adopt a budget before adopting a tax rate. The Commissioners' Court may levy taxes only in accordance with the budget. Chapter 26 of the Property Tax Code requires taxing units to comply with truth-in-taxation laws in setting tax rates. This law has two purposes:

- to make the taxpayers more knowledgeable about tax rate proposals;
- to allow taxpayers to roll back or limit a tax increase in certain cases.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Uvalde County operates.

**Local economy.** Tourism is a major part of the Uvalde County economic base, with most of this expansion having been in the Con Can area. The Uvalde County 4% hotel occupancy tax collection increased to \$660,034 in the fiscal year ended 9/30/2019. Texas Hill Country River Region contracted for the management of these funds to improve the tourist traffic in the County. Another major project of THCRR is the oversight of the cleanliness of Uvalde County Rivers. Garner State Park located 10 miles from Con Can brought in over 400,000 visitors.

The Uvalde County Fairplex continues to expand. Ten new RV rental spots were activated in 2019. Two additional eighteen foot fans were installed in the livestock area on the southeast side of the arena. Security cameras were installed across the Fairplex to provide additional safety. Revenue for this fiscal year was \$ 218,184 from 300 plus events resulting in over 450 venue rentals. The Fairplex continues to produce an economic multiplier effect in the county. The top five events held included the Palomino Fest & Pro Rodeo, the Briscoe Ranch BBQ Cook Off, the Cactus Jack PBR Bull Riding event, the Southwest Texas Junior College NIRA College Rodeo, and the Uvalde Area Chamber of Commerce Hunters Roundup.

Agriculture is still a mainstay in the area, although water restrictions have affected this industry. This results in the devaluation of land for property tax purposes. The total irrigated cropland acres is 60,539. The total dryland cropland is 59,536 acres. The total wildlife management is 102,465 acres.

The full-time veteran officer has increased services for local veterans which in turn has been an economic boost to local businesses. The Veteran's Office services a local veteran population of 1134.

The 212-bed Uvalde County Justice Center continues to house local, area, and U.S. Federal inmates. Housing Federal inmates generated \$2,111,596 during this fiscal year.

Starbucks, Kentucky Fried Chicken, Billy Bob Hamburgers, 830 Broadway Pizza and Open Range Bakery Café opened new stores in Uvalde during 2019.

**Long-term financial planning.** The Certificates of Obligations issued in 2009 for \$25M have seen ten years of debt reduction payments. In December 2016, the County issued general obligation bond refunding in the amount of \$9,605,000. In January 2017, the County issued general obligation bond refunding in the amount of \$9,905,000.

**Cash management policies and practices.** In accordance with Section 116.112, Local Government Code, the County Treasurer with the approval of the Commissioners' Court is authorized to invest with the depository any County funds not immediately required to pay obligations of the County. The Treasurer may invest those funds as allowed by statute. Interest rates on the deposits are governed by the County depository contract which is currently awarded to First State Bank of Uvalde.

**Risk management.** The County provides for the management of risks through a combination of self-insurance and traditional insurance. Property and casualty coverage, comprehensive general liability, and public officials' liability coverage continue to be obtainable at reasonable premium rates. Workers Compensation coverage with Texas Association of Counties is partially self-funded.

The County of Uvalde provides group medical benefits to employees on a partially self-funded basis as allowed by statute. Stop-Loss coverage is provided by Crum & Forster. The group insurance is managed by a third party administrator, Group & Pension Administrators. The Commissioners' Court appointed an agent-of-record to guide the Court in the complex purchasing decisions required in this area. The County insurance committee consists of the County Judge, County Treasurer, and County Auditor.

**Pension and other post-employment benefits.** The County of Uvalde continues to provide retirement, disability, and death benefits for all full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The plan provisions are adopted by the Commissioners Court within the options available in the Texas State Statutes governing TCDRS. Members are vested after eight years of service but must leave accumulated contributions in the plan to receive employer contributions. The employee members' contribution rate as adopted by the Court is 7% of gross compensation. The County's 2018-2019 employer contribution rate is 9.77%. The County provides an option to employees to participate in COBRA benefits as required by law.

### **Awards and Acknowledgements**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Uvalde for its comprehensive annual financial report (CAFR) for the fiscal year ended September 30, 2018.

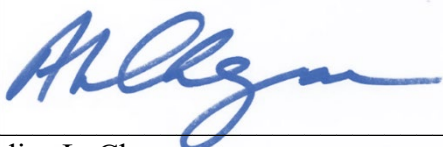

This was the 23<sup>rd</sup> consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report is a direct result of the efficient and dedicated services of Beyer & Co, CPAs. The County Treasurer and County Auditor staff are critical in facilitating this report. Additionally, each Uvalde County Elected and Appointed Official along with their respective support staff should be highly commended for their cooperation and courtesy supporting the independent audit effort.

Sincere appreciation is extended to the Uvalde County Commissioners, the Uvalde County Judge, and the 38th Judicial District Judge for their continued support and progressive attitude in maintaining the highest standards while overseeing the operation of this County government.

Respectfully submitted by:

Alice L. Chapman  
County Auditor

Joni Deorsam

INDEPENDENT AUDITOR'S REPORT

To the County Judge and Commissioner's Court  
Uvalde County, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Uvalde County, Texas, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Uvalde County, Texas, as of September 30, 2019, and, the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the Road and Bridge Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the Employee Retirement System Information on pages 3–13 and 71-72 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Uvalde County, Texas's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## Management's Discussion and Analysis

As management of Uvalde County, Texas, we offer readers of Uvalde County, Texas' financial statements this narrative overview and analysis of the financial activities of Uvalde County, Texas for the fiscal year ended September 30, 2019.

### Financial Highlights

- . The assets of Uvalde County, Texas exceeded its liabilities at the close of the most recent fiscal year by \$18,350,412 (Net Position). Of this amount, \$4,425,259 (unrestricted Net Position) may be used to meet the government's ongoing obligations to citizens and creditors.
- . The government's total Net Position increased by \$947,071. While total revenues increased by \$863,669, total expenses increased by \$1,604,940.

The biggest increase in revenues was in charges for services which increased \$1,215,394; this increase was largely due to the inclusion of the hotel/motel fund into the general fund for the 2019 year. The total revenue from the hotel/motel for 2019 was \$784,927. Even though the hotel/motel fund inclusion increased charges for services, this fund inclusion also increases general administration expenses by \$1,113,934. The only true gain in revenues came from an increase in ad valorem taxes of \$240,159 and an increase in miscellaneous of \$132,055. The increase in ad valorem taxes was mainly due to an increase in land values and the increase in miscellaneous revenues was due mainly to an increase in collections from the Fairplex department fund of \$60,313 and an increase in jail telephone commissions of \$141,028. It is also noted that capital grants and contributions decreased by \$863,448 in 2019; this decrease occurred as a result of the County receiving less capital grant monies for 2019.

The expenses increased ratably amongst the different expense functions for 2019 except for health and welfare function which decreased by \$762,084 and the changes in deferred outflows and inflows of resources and net pension liability which increased overall payroll by \$725,671. The health and welfare function decrease occurred mainly as a result of a reduction in indigent healthcare expenses and a reduction in human resource expenses. The reduction in indigent healthcare expenses was \$310,920 and the reduction in human resources expenses was \$147,462. The Indigent Health and Human Resources decrease was due to greater surveillance and screening of potential applicants and reduction in capital murder cases, respectively. The changes in deferred outflows and inflows of resources and net pension liability which increased overall payroll by \$725,671 was a result of an increase in net pension liability of \$3,435,378 outpacing an increase in net difference between projected and actual earnings of \$2,684,598. Please note that the increase in net pension liability of \$3,435,378 helped contribute to the increase in the overall long-term liabilities of \$2,537,069.

As of the close of the current fiscal year, Uvalde County, Texas' governmental funds reported combined ending fund balances of \$5,860,312, an increase of \$714,593 in comparison with the prior year. Approximately 57% of this total amount, \$3,333,372, is available for spending at the government's discretion (unassigned fund balance). The fund balance increase was a result of ad valorem taxes increasing \$430,110, miscellaneous revenues increasing by \$132,055, and health and welfare expenses decreasing by \$762,084.

- . At the end of the current fiscal year, the unassigned fund balance for the general fund was \$3,387,874 or 20 percent of total general fund expenditures, the total fund balance for the road and bridge fund was \$1,122,924 and was restricted and was 40 percent of total road and bridge fund expenditures, the total fund balance for the hotel/motel fund was \$0 and was restricted and was 0 percent of hotel/motel expenditures, and the total fund balance for the interest and sinking fund was \$203,745 and was restricted and was 13 percent of total interest and sinking fund expenditures.
- . Uvalde County, Texas' total short-term and long-term debt increased by \$2,537,069 (11.29 percent) during the current fiscal year. The key factor in this increase was the increase in net pension liability of \$ 3,435,378.

## Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Uvalde County, Texas' basic financial statements. Uvalde County, Texas' basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

***Government-wide financial statements:*** The government-wide financial statements are designed to provide readers with a broad overview of Uvalde County, Texas' finances, in a manner like a private-sector business.

The statement of Net Position presents information on all of Uvalde County, Texas' assets and liabilities, with the difference between the two reported as Net Position. Over time, increases or decreases in Net Position may serve as a useful indicator of whether the financial position of Uvalde County, Texas is improving or deteriorating.

The statement of activities presents information showing how the government's Net Position changed during the most recent fiscal year. All changes in Net Position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of Uvalde County, Texas that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Uvalde County, Texas include general administration, public safety, environmental protection, public transportation, health and welfare, public facilities, legal, elections, financial administration, conservation, capital projects, culture and recreation, and employee insurance fund.

The government-wide financial statements include only Uvalde County, Texas itself (known as the primary government),

The government-wide financial statements can be found on pages 14-15 of this report.

***Fund financial statements:*** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Uvalde County, Texas, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Governmental funds:*

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Uvalde County, Texas maintains fifty-two (52) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the road and bridge fund, the hotel/motel fund, and the interest and sinking fund; all of which are considered to be major funds. Data from the other forty-eight (48) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Uvalde County, Texas adopts an annual appropriated budget for its general fund, the road and bridge fund, and the interest and sinking fund. There were appropriated budgets for all other special revenue, debt service and capital project funds except for the river cleanup fund, the sheriff seizure fund, the Stonegarden grant Uvalde fund, the TIDC grant fund, the Uvalde estates septic fund, the FEMA disaster fund, the flood protection warning fund, the County Court restitution fund, the narcotics intradiction fund, the Stonegarden grant fund and the CDBG #7215177 fund.

The basic governmental fund financial statements can be found on pages 16-22 of this report.

*Proprietary funds:*

Uvalde County, Texas maintains one type of proprietary fund. The Internal Service Fund for Uvalde County, Texas, consists solely of the Employee Insurance Fund. This fund was created to help facilitate employee insurance coverage. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the employee insurance fund.

The basic proprietary fund financial statements can be found on pages 23-26 of this report.

Uvalde County, Texas also has five agency funds which are a fiduciary fund type can be found on page 27 of this report.

Notes to the financial statements:

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-70 of this report.

*Other information:*

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Uvalde County, Texas' progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 71-72 of this report.

The combining statements referred to earlier in connection with the nonmajor governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 73-84 of this report. The budget comparison schedules in connection with the nonmajor governmental funds can be found on pages 85-121 of this report. The combining agency funds are presented immediately following the budget comparison schedules can be found on pages 122-124 of this report.

#### Government-wide Financial Analysis

As noted earlier, Net Position may serve over time as a useful indicator of a government's financial position. In the case of Uvalde County, Texas, assets exceeded liabilities by \$18,350,412 at the close of the most recent fiscal year.

A portion of Uvalde County, Texas' Net Position (62 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, infrastructure, and equipment), less any related debt used to acquire those assets that are still outstanding. Uvalde County, Texas uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Uvalde County, Texas' investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**UVALDE COUNTY, TEXAS

Total Net Position	\$18,350,412	\$17,403,341	\$18,350,412	\$17,403,341

An additional portion of Uvalde County, Texas' Net Position (14 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted Net Position (\$529,383) may be used to meet the government on going obligations to citizens and creditors. At the end of the current fiscal year, Uvalde County, Texas reported a positive balance in the governmental activities. For the prior fiscal year, Uvalde County, Texas reported positive balances in Net Position, both for the government, as well as for its separate governmental activities.

There was a decrease of \$529,383 in restricted Net Position reported in connection with Uvalde County, Texas' government-type activities. The reason for the decrease was due to the inclusion of the Hotel/Motel fund into the General fund.

*Governmental activities:* Governmental activities increased Uvalde County, Texas' Net Position by \$947,071, thereby accounting for 100 percent of the total increase in the Net Position of Uvalde County, Texas. The reason for the increase is attributable to the following ad valorem taxes increased \$240,159, miscellaneous revenues increased by \$132,055, and health and welfare expenses decreased by \$762,084.

Net Position at 09/30/2019	<u>\$18,350,412</u>	<u>\$17,403,341</u>	<u>\$18,350,412</u>	<u>\$17,403,341</u>

The government's total Net Position increased by \$947,071. While total revenues increased by \$863,669, total expenses increased by \$1,604,940.

The biggest increase in revenues was in charges for services which increased \$1,215,394; this increase was largely due to the inclusion of the hotel/motel fund into the general fund for the 2019 year. The total revenue from the hotel/motel for 2019 was \$784,927. Even though the hotel/motel fund inclusion increased charges for services, this fund inclusion also increases general administration expenses by \$1,113,934. The only true gain in revenues came from an increase in ad valorem taxes of \$240,159 and an increase in miscellaneous of \$132,055. The increase in ad valorem taxes was mainly due to an increase in land values and the increase in miscellaneous

revenues was due mainly to an increase in collections from the Fairplex department fund of \$60,313 and an increase in jail telephone commissions of \$141,028. It is also noted that capital grants and contributions decreased by \$863,448 in 2019; this decrease occurred as a result of the County receiving less capital grant monies for 2019.

The expenses increased ratably amongst the different expense functions for 2019 except for health and welfare function which decreased by \$762,084. This decrease occurred mainly as a result of a reduction in indigent healthcare expenses and a reduction in human resource expenses. The reduction in indigent healthcare expenses was \$310,920 and the reduction in human resources expenses was \$147,462. The Indigent Health and Human Resources decrease was due to greater surveillance and screening of potential applicants and reduction in capital murder cases, respectively.

In recap: The increase in net position of \$947,071 was a result of ad valorem taxes increasing \$240,159, miscellaneous revenues increasing by \$132,055, and health and welfare expenses decreasing by \$762,084.

## Financial Analysis of the Government's Funds

As noted earlier, Uvalde County, Texas' uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### *Governmental funds:*

The focus of Uvalde County, Texas' governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Uvalde County, Texas' financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Uvalde County, Texas' governmental funds reported combined ending fund balances of \$5,860,312, an increase of \$714,593 in comparison with the prior year. Approximately 57 percent of this total amount (\$3,333,372) constitutes unassigned fund balance, which is available for spending at the government's discretion.

The general fund is the chief operating fund of Uvalde County, Texas. At the end of the current fiscal year, unassigned fund balance of the general fund was \$3,387,874, while total fund balance reached \$3,387,874. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 20 percent of total general fund expenditures, while total fund balance represents 20 percent of that same amount.

The fund balance of Uvalde County, Texas' general fund increased by \$1,458,727 during the current fiscal year. The primary reason for this increase is Ad Valorem Taxes increased by \$373,773, Charges for Services increased by \$206,128, Fines and Forfeitures increased by \$160,298, and Indigent Health and Human Resources decreased by \$310,920 and \$147,462, respectively. The property tax increase was due to an increase in land values. The Fines and Forfeitures increase was due to increased traffic surveillance on HWY 90. The Indigent Health and Human Resources decrease was due to greater surveillance and screening of potential applicants and reduction in capital murder cases, respectively. The Charges for Services increase is due to greater usage overall of the County's facilities.

The road and bridge fund had an unassigned fund balance of \$-0- while total fund balance reached \$1,122,924. As a measure of the road and bridge fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 00 percent of total road and bridge fund expenditures, while total fund balance represents 40 percent of that same amount.

The fund balance of the road and bridge fund decreased by \$244,592 during the current year. The reason for this decrease was an increase in net transfers out of \$286,216.

The hotel/motel fund had an unassigned fund balance of \$-0- while total fund balance reached \$0. As a measure of the hotel/motel fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 00 percent of total hotel/motel fund expenditures, while total fund balance represents 0 percent of that same amount.

The fund balance of the hotel/motel fund decreased by \$ 282,620 during the current year. The reason for this decrease was its inclusion into the general fund.

The interest and sinking fund had an unassigned fund balance of \$-0- while total fund balance reached \$203,745. As a measure of the interest and sinking fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 00 percent of total Interest and sinking fund expenditures, while total fund balance represents 13 percent of that same amount.

The fund balance of the interest and sinking fund increased by \$33,406 during the current year. The reason for this increase was an excess ad valorem taxes over debt service of \$33,406.

#### General Fund Budgetary Highlights

Differences between the original budget and the final amended budget for the general fund were an increase of \$1,755,454. This increase was mainly from an increase in budgetary expenditures of \$1,113,934 in Hotel/Motel Contractor, \$308,456 in Elections, \$227,595 in Indigent Health, and \$127,794 in Principal Retirement. The increase in indigent health was a result of an increase in indigent health claims from the Uvalde County citizenry. The increase in the Hotel/Motel Contractor was the inclusion of the Hotel/Motel activity into the General Fund. The increase in Elections was a result of a purchase of election equipment. The increase in the Principal Retirement was due to the issuance of a capital lease for election equipment.

The total general fund expenditures of \$17,055,151 were less than the budgeted expenditures of \$17,913,997 by \$858,846.

## Capital Asset and Debt Administration

### *Capital assets:*

Uvalde County, Texas' investment in capital assets for its governmental activities as of September 30, 2019, amounts to \$30,097,452 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, machinery and equipment, park facilities, and infrastructure items such as roads and bridges. The total decrease in Uvalde County, Texas' investment in capital assets for the current fiscal year was 1.86 percent.

The County had no major capital expenditures during the year.

Additional information on Uvalde County, Texas' capital assets can be found in note IV C on page 43 of this report.

### **UVALDE COUNTY, TEXAS CAPITAL ASSETS (net of depreciation)**

	Governmental Activities		Total	
	2019	2018	2019	2018

Construction in Progress	0	0	0	0
Building and Improvements	24,002,471	24,529,847	24,002,471	24,529,847
Machinery and Equipment	707,437	577,158	707,437	577,158
Infrastructure	3,983,443	4,155,855	3,983,443	4,155,855
Total	<u>\$30,097,452</u>	<u>\$30,666,961</u>	<u>\$30,097,452</u>	<u>\$30,666,961</u>

*Long-term debt:*

At the end of the current fiscal year, Uvalde County, Texas had total bonded debt outstanding of \$19,565,000. Of this amount, \$19,565,000 comprises debt backed by the full faith and credit of Uvalde County, Texas.

	Beginning	Additions	Reductions	Ending	Summary	
					Noncurrent Liabilities	
<u>Governmental Activities:</u>	Balance			Balance	Due Within	Due in More
					One Year	Than One Year
Bonds Payable						
Total Bonds Payable	\$20,640,000		\$1,075,000	\$19,565,000	\$1,120,000	\$18,445,000
	20,640,000	0	1,075,000	19,565,000	1,120,000	18,445,000
Grand Total						
	\$20,640,000	\$0	\$1,075,000	\$19,565,000	\$1,120,000	\$18,445,000

Uvalde County, Texas' bonded debt decreased by \$1,075,000 (5 percent) during the current fiscal year. The key factor in this decrease was the payment of bond premiums of \$1,075,000. Additional information on Uvalde County, Texas' Long-term debt can be found in note IV F on pages 47-48 of this report.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

Uvalde County may be affected by some of the provisions of Senate Bill 2 (the Texas Property Tax Reform and Transparency Act of 2019) as adopted by the 86<sup>th</sup> Legislature and signed by the governor. The ensuing budget process for Uvalde County should keep the no-new-revenue tax rate (effective tax rate) and stay within the 3.5% or lower allowed voter-approved-tax rate (roll back rate) causing an increased tightening of the departmental budgets for 2020-2021. This could force the lowering of the tax rate below the current Uvalde County tax rate in order to stay within the 3.5% cap. A proposed tax abatement being requested by a pending solar farm installation would reduce irrigated farmland values and possible lower collections.

**CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the County's business office, at Uvalde County, Texas, Courthouse Plaza #3, Uvalde, Texas 78801.

UVALDE COUNTY, TEXAS  
 RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
 TO THE STATEMENT OF NET POSITION  
 SEPTEMBER 30, 2019

Total Fund Balances - governmental funds balance sheet \$5,860,312

Amounts reported for governmental activities in the statement of net position ("SNP") are different because:

Capital assets used in governmental activities are not reported in the funds. 30,097,452

Deferred loss on Bond Refunding. 1,062,351

Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds. 5,900,973

Property taxes receivable unavailable to pay for current period expenditures are deferred in the funds (net of allowance for uncollectibles). 806,450

Long-term liabilities, including compensated absences, are not due and payable in the current period and therefore are not reported in the funds. (25,078,468)

Internal Service fund is not reported in the funds. (298,658)

Net Position of Governmental Activities - Statement of Net Position \$18,350,412

The accompanying notes are an integral part of this statement.

UVALDE COUNTY, TEXAS  
 RECONCILIATION OF THE STATEMENT OF REVENUES,  
 EXPENDITURES, AND CHANGES IN FUND BALANCES OF  
 GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED SEPTEMBER 30, 2019

Net Changes in Fund Balances - Total Governmental Funds	\$714,593
Amounts reported for governmental activities in the statement of net position ("SNP") are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	(569,509)
<b>GASB</b>	
Deferred Outflow of Resources-Contribution. This is the change in these amounts this year.	36,433
Deferred Inflow-Differences between expected and actual experience. This is the change in these amounts this year.	130,000
Deferred Outflow-Changes of assumptions. This is the change in these amounts this year.	(141,324)
Deferred Outflow-Net difference between projected and actual earnings. This is the change in these amounts this year.	2,684,598
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds. This is the change in these amounts this year.	510,661
Bond Refunding Loss Amortization	(75,883)
(Increase) decrease in compensated absences from beginning of period to end of period.	(20,963)
(Increase) decrease in accrued interest from beginning of period to end of period.	7,474
Certain property tax revenues are deferred in the funds. This is the change in these amounts this year.	(12,879)
Internal Service fund is not reported in the funds.	199,976
Capital Lease Proceeds	(308,458)
(Increase) decrease in Net Pension Liability from beginning of period to end of period.	(3,435,378)
Repayment of loan principal is an expenditure in the funds but not an expense in the SOA.	<u>1,227,730</u>
Change in Net Position of Governmental Activities - Statement of Activities	<u>\$947,071</u>

The accompanying notes are an integral part of this statement.

UVALDE COUNTY, TEXAS  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2019

I. Summary of Significant Accounting Policies

A. Reporting entity

Uvalde County operates under a County Judge – Commissioners’ Court type of government and provides the following services throughout the County: public safety (fire, ambulance, and law enforcement), public transportation (highways and roads), health and welfare, culture and recreation, conservation (agriculture), public facilities, judicial and legal, election functions, and general and financial administrative services. The accounting policies of Uvalde County, Texas, (the County) conform to generally accepted accounting principles. The County also applies all relevant Government Accounting Standards Board (GASB) pronouncements. The following is a summary of the more significant policies.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

B. Government-Wide and Fund Financial Statements

The County’s Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of Governmental Activities for the County accompanied by a total column. Fiduciary activities of the County are not included in these statements.

These statements are presented on an “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all of the County’s assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in Net Position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the County are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions.

Certain eliminations have been made to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated; except that interfund services provided and used are not eliminated in the process of consolidation. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the Net Position and changes in Net Position presented in the Government-Wide financial statements. The County has presented all major funds that met those qualifications.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. (The County's deferred outflows of resources and deferred inflows of resources are noncurrent.) The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the County are property tax, sales tax, intergovernmental revenues and charges for services. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The road and bridge fund administer property tax and motor vehicle license monies for the maintenance of the county's roads and bridges.

The hotel/motel tax fund is used to promote tourism.

The interest and sinking fund are used to service the jail building bonds.

## C. Proprietary fund financial statements

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and for the non-major funds aggregated. Proprietary funds are accounted for using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total Net Position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the County Employee Insurance fund are charges to employees for their health insurance. Operating expenses for enterprise funds include the cost of insurance premiums. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the County’s policy to use restricted resources first, then unrestricted resources as they are needed.

The government reports the following major proprietary funds: *Internal service funds* accounts for health insurance premiums and claims to pay for health insurance premiums and actual claims.

## D. Fiduciary Fund Types

*Fiduciary Funds* account for assets held by the County in a trustee capacity or as an agent on behalf of others. As such, fiduciary funds are not reported in the government-wide statements. The County’s fiduciary funds include the following: The County Officer Accounts, the Cash Bond fund, the District Attorney Restitution Clearing, the Arrest Fees fund, and the State Fees fund; are both used to account for the fines and fees collected and remitted by the County Officers in the course of their operations.

## E. Assets, Liabilities, and Net Assets or Equity

### 1. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State statutes authorize the Government and the District to invest in obligations of the U.S. Treasury. Investments for the Government are reported at fair value. For purposes of the statement of cash flows, the County considers all highly liquid investments (including restricted assets) with a maturity when purchased of three months or less and all local government investment pools to be cash equivalents.

## 2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "either due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All property tax receivables are shown net of an allowance for uncollectibles. The property tax receivable allowance is equal to a total of 1 percent of the current outstanding property taxes at September 30, 2019 and 10 percent of the delinquent outstanding property taxes at September 30, 2019.

Property is appraised and a lien on such property becomes enforceable as of January 1, subject to certain procedures for rendition, appraisal, appraisal review and judicial review. Traditionally, property taxes are levied October 1, of the year in which assessed or as soon thereafter as practicable. Taxes are due and payable when levied since that is when the County bills the taxpayers. The County begins to collect the taxes as soon as the taxpayers are billed.

## 3. Inventories and Prepaid Items

Inventories of materials and supplies held by the General Fund are considered immaterial and thus are not accounted for in the Balance Sheet. In the General Fund, disbursements for supplies and materials are considered to be expenditures at the time of purchase. There were no inventory items at September 30, 2019. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

## 4. Restricted Assets

The restricted assets at September 30, 2019 consisted of \$203,745 for debt service.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental columns in the government-wide financial statements. Capital assets, other than infrastructure assets, are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. The government reports infrastructure assets on a network and subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government-wide financial statements regardless of their amount.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the government chose to include all such items regardless of their acquisition date or amount. The government was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at acquisition value. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations, the government values these capital assets at the estimated fair value of the item at the date of its donation; but donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value.

The County had no major capital expenditures during the year.

Property, plant, and equipment of the primary government, is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building improvements	20
Public Domain infrastructure	50
System infrastructure	30
Vehicles	5
Office equipment	5
Computer equipment	5

6. Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation, comp. absence, and sick pay benefits.

There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government.

All vacation and comp. absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in government-wide financial statements.

7. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of Net Position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Fund Balances – Governmental Funds

As of September 30, 2019, fund balances of the governmental funds are classified as follows:

**Restricted** — This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the revenue note and are restricted through debt covenants. Infrastructure Projects are restricted by State Statute and County laws and are legally segregated for funding of infrastructure improvements.

**Committed** — This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Commissioners’ Court. These amounts cannot be used for any other purpose unless the Commissioners’ Court removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed.

**Unassigned** — All other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

As of September 30, 2019, fund balances are composed of the following:

Fund Balances:	
Restricted	
Archives	\$401,359
County Clerk	48,107
Construction	14
Debt Service	227,363
Elections	298,635
Health	140,304
Judicial	13,141
Legal	267,928
Public Transportation	1,122,924
Committed	
Culture and Recreation	7,165
Unassigned	3,333,372
Total Fund Balance	<u>\$5,860,312</u>

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless Commissioners' Court or the finance committee has provided otherwise in its commitment or assignment actions.

In fiscal year 2011, the Commissioners' Court adopted a minimum fund balance policy for the General Fund. The policy requires the unassigned fund balance at fiscal year end to be at least equal to 18 to 25 percent of the subsequent year's budgeted General Fund expenditures.

9. Comparative data/reclassifications

Comparative total data for the prior year have been presented only for individual enterprise funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

10. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The government only has one item that qualifies for reporting in this category. It is deferred under GASB 68.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government only has one item that qualifies for reporting in this category. It is deferred under GASB 68.

The County reports unearned revenue on its fund financial statements. Unearned revenues arise when potential revenue does not meet both the “measureable” and “available” criteria for recognition in the current period (fund financial statements). Unearned revenues also arise when resources are unearned by the County and received before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures (fund financial statements and government-wide financial statements). In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability for unearned revenue is removed from the applicable financial statement and revenue is recognized. Pursuant to GASB 65 we have included deferred ad valorem taxes as deferred inflows in the fund financial statements.

11. Net position flow assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

## II. Reconciliation of Government-Wide and Fund Financial Statements

### A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of Net Position.

The governmental fund balance sheet includes reconciliation between fund balance - total governmental funds and Net Position - governmental activities as reported in the government-wide statement of Net Position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this \$25,078,468 difference are as follows:

Bonds Payable	\$19,565,000
Capital Lease Payable	189,425
Accrued Interest Payable	78,753
Compensated Absences	276,313
Net Pension Liability	<u>4,968,977</u>
	<u>\$25,078,468</u>

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances - total governmental funds and changes in Net Position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds" report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of this \$30,097,452 difference are as follows:

Capital Assets Not Being Depreciated	\$1,404,101
Capital Assets Being Depreciated	40,242,523
Accumulated Depreciation	(11,549,172)
Net Adjustment to Increase Net Changes in Fund Balances - Total Governmental Funds to Arrive at Changes in Net Position of Governmental Activities	<u>\$30,097,452</u>

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of Net Position. (continued)

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and Net Position - governmental activities as reported in the government-wide statement of Net Position. One element of that reconciliation explains that "Property taxes receivable unavailable to pay for current period expenditures are deferred in the funds (net of allowance for uncollectibles)." The details of this \$806,450 difference are as follows:

Property Taxes Receivable	\$856,687
Allowance for Doubtful Accounts	<u>(50,237)</u>
Net	<u><u>\$806,450</u></u>

The governmental fund balance sheet includes reconciliation between fund balance - total governmental funds and net assets - governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that "Justice of the Peace and Clerk fines and fees receivable unavailable to pay for current period expenditures are deferred in the funds (net of allowance for uncollectible.)" Other elements of that reconciliation include GASB 68 deferrals. The details of this \$5,900,973 difference are as follows:

Fines and Fees Receivable	\$3,021,218
Allowance for Doubtful Accounts	(669,996)
<b>GASB 68</b>	
Deferred Outflow of Resources-Contributions (after 12/31/18)	1,224,831
Deferred Outflow-Differences between expected and actual experience	(65,121)
Deferred Outflow-Changes of assumptions	103,865
Deferred Inflow-Net difference between projected and actual earnings	<u>2,286,176</u>
Net	<u><u>\$5,900,973</u></u>

- B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances - total governmental funds and changes in Net Position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this (\$569,509) difference are as follows:

Capital Outlay - Additions - Not Being Depreciated	\$0
Capital Outlay - Additions - Being Depreciated	539,469
Capital Outlay - Reclassifications - Net	0
Depreciation Expense	(1,108,978)
Net Adjustment to Increase Net Changes in Fund Balances - Total Governmental Funds to Arrive at Changes in Net Position of Governmental Activities	<u><u>(\$569,509)</u></u>

### III. Stewardship, Compliance, and Accountability

#### A. Budgetary Information

The original budget is adopted by the Commissioners' Court and filed with the County Clerk. Amendments are made during the year on approval by the Commissioners' Court.

The final amended budget is used in this report.

The budget should not be exceeded in any expenditure category under State law. Unused appropriations lapse at the end of each year.

The County Judge is, by statute, the Budget Officer of the County. He usually requests and relies on the assistance of the County Auditor to prepare the annual budget. After being furnished budget guidelines by the Commissioners' Court, the County Auditor prepares an estimate of revenues and a compilation of requested departmental expenditures and submits this data to the Commissioners' Court.

The Commissioners' Court invites various department heads to appear for a hearing concerning the departments' budget requests. Before determining the final budget, the Commissioners' Court may increase or decrease the amounts requested by the various departments. Amounts finally budgeted may not exceed the County Auditor's estimate of revenues and available cash. The final budget can be legally amended by the Commissioners' Court to whatever extent the Court desires as long as the amended figures do not exceed the County Auditor's estimate of revenues and available cash.

When the Budget has been adopted by the Commissioners' Court, the County Auditor is responsible for monitoring the expenditures of the various departments of the County to prevent expenditures from exceeding budgeted appropriations and for keeping the members of the Commissioners' Court advised of the condition of the various funds and accounts. The level of control for each legally adopted annual operating budget is the fund.

Budgets for all budgeted General, Special Revenue, Debt Service, and Capital Project Funds are adopted on a budgetary basis which is in conformity with generally accepted accounting principles (GAAP). Uvalde County, Texas adopts an annual appropriated budget for its general fund, the road and bridge fund, and the interest and sinking fund. There were appropriated budgets for all other special revenue, debt service and capital project funds except for the CDBG 7215177 grant fund, the river cleanup fund, the sheriff seizure fund, the Stonegarden grant Uvalde fund, the TIDC grant fund, the Stonegarden grant, the Uvalde estates septic fund, the FEMA disaster fund, the flood protection warning fund, the County Court restitution fund, and the Narcotics Intradiction fund.

B. Excess of Expenditures over Appropriations

For the year ended September 30, 2019, expenditures did not exceed appropriations in any function nor in any fund.

C. Deficit fund equity

The county had no deficit fund balances as of September 30, 2019 except for the D. A. Administrative fund which had a negative fund balance of \$20,063, the Victims of Crime DA fund which had a negative fund balance of \$12,483, the Local Border Security fund which had a deficit of \$21,956, and the County Employee Insurance fund which had a deficit fund equity of \$298,658. These deficits are expected to be liquidated by future resources of these funds.

IV. Detailed Notes on All Funds

A. Deposits and investments

Legal and Contractual Provisions Governing Deposits and Investments:

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the County to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the County to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the County to have independent auditors perform test procedures related to investment practices as provided by the Act. The County is in compliance with the requirements of the Act and with local policies.

Policies Governing Deposits and Investments:

The County had no investments at September 30, 2019. In compliance with the Public Funds Investment Act, the County has adopted a deposit and investment policy. That policy does address the following risks:

*Custodial credit risk - deposits.* In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government has a deposit policy for custodial credit risk. As of September 30, 2019, the government's bank balance of \$7,340,203 was not exposed to custodial credit risk because it was fully insured and collateralized with securities held by the pledging financial institution's trust department or agent, in the government's name. The fair market value of the securities pledged is \$15,899,053 and the FDIC coverage is \$250,000.

B. Receivables

Receivables as of year end for the government's individual major funds and non-major, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Road and Bridge	Other Governmental Funds	Total
<u>Receivables</u>				
Property Taxes	\$716,054	\$140,633		\$856,687
Sales Tax	579,529			579,529
Fines			24,388	24,388
Intergovernmental	3,021,218			3,021,218
Other	363,746	1,048	108,915	473,709
Gross receivables	4,680,547	141,681	133,303	4,955,531
Less: Allowance for uncollectibles	711,893	8,340		720,233
Net total receivables	<u>\$3,968,654</u>	<u>\$133,341</u>	<u>\$133,303</u>	<u>\$4,235,298</u>

## C. Capital Assets

Capital asset activity for the year ended September 30, 2019 was as follows:

Governmental Activities:	Beginning			Ending
Capital assets not being depreciated:	Balances	Increases	Decreases	Balances
Land	\$1,404,101	\$0	\$0	\$1,404,101
Construction in Progress				0

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities	
General Administration	\$118,978
Judicial	3,030
Public Facilities	148,148
Public Safety	486,034
Public Transportation	86,899
Culture and Recreation	243,628
Health and Welfare	14,476
Conservation - Agriculture	7,785
Total depreciation expense - governmental activities	<u>\$1,108,978</u>

### Construction commitments

The County had no major capital expenditures during the year.

D. Interfund Receivables, Payables, and Transfers

There was no Due to/from other funds at September 30, 2019.

There were no advances at September 30, 2019.

The interfund transfers are as follows:

<b>TRANSFER OUT</b>	<b>TRANSFER IN</b>					<b>TOTAL</b>
	<b>GENERAL FUND</b>	<b>ROAD AND BRIDGE FUND</b>	<b>HOTEL/MOTEL FUND</b>	<b>COUNTY EMPLOYEE INSURANCE FUNDS</b>	<b>OTHER GOVERNMENTAL FUNDS</b>	
GENERAL FUND	\$0	\$0	\$276,168	\$292,670	\$187,160	\$755,998
ROAD AND BRIDGE FUND		675,500				675,500
HOTEL/MOTEL FUND	558,788					558,788
OTHER GOVERNMENTAL FUNDS		20,000				20,000
<b>TOTALS</b>	<b>\$558,788</b>	<b>\$695,500</b>	<b>\$276,168</b>	<b>\$292,670</b>	<b>\$187,160</b>	<b>\$2,010,286</b>

The general fund transferred \$292,670 to the County Employee Insurance fund, \$276,168 to the Hotel/Motel fund, and \$187,160 to various other non-major funds, for operating capital. The road and bridge fund transferred \$675,000 to various road and bridge funds for operating capital. The hotel/motel fund transferred \$558,788 to the general fund to include the fund to the general fund. The non-major funds transferred \$20,000 to the road and bridge fund. All of the above transfers are non-recurring.

E. Operating Leases

The government leases equipment under noncancelable operating leases. Total costs for such leases were \$68,458 for the year ended September 30, 2019. There are no scheduled rate increases.

The future minimum lease payments for these leases are as follows:

Year Ending Sep. 30	<u>Amount</u>
2020	\$ 55,386
2021	42,514
2022	22,821
2023	<u>1,098</u>
Total	<u>\$121,819</u>

Rent expenditures were \$75,965 for the year ended September 30, 2019. Sublease rental income was \$0 for the year ended September 30, 2019. Rental income was \$0 for the year ended September 30, 2019.

F. Long-Term Debt

Certificates of Obligation

The government issued Certificates of Obligation, in the Amount of \$25,000,000 in 2009 which provided funds for the construction of a new Convention Center, a new Jail, a 4-H Center, and an Amphitheater. The Certificates of Obligation were serviced by the jail facility debt service fund. The security pledged for the bonds was ad valorem taxes. These bonds were partially refunded in 2016 whereby the County issued Series 2016 C.O. Refunding Bonds for \$9,605,000 and Series 2017 C.O. Refunding Bonds for \$9,905,000. The amount of the Series 2009 bonds refunded was \$18,220,000: resulting in a loss on the refunding of \$1,290,000. The overall estimated present value savings from the refunding was \$1,815,184.

<u>Purpose</u>	<u>Rates</u>	<u>Amount</u>
Governmental activities – 2009 C.O. Bonds	3.00 – 5.00%	\$ 560,000
Governmental activities – 2016 C.O. Bonds	.75 – 2.65%	\$ 9,305,000
Governmental activities – 2017 C.O. Bonds	2.375%	\$ 9,700,000

Annual debt service requirements to maturity for the Certificates of Obligation are as follows:

Year Ending September 30,	Governmental Activities	
	Principal	Interest
2020	\$1,120,000	\$452,936
2021	1,150,000	420,651
2022	1,175,000	394,785
2023	1,195,000	368,031
2024	1,225,000	340,390
2025-2029	6,570,000	1,257,353
2030-2034	7,130,000	460,163
TOTALS	<u>\$19,565,000</u>	<u>\$3,694,309</u>

Capital Leases: The government has entered into two capital lease agreements as lessee for financing the acquisition of a case compaction and election equipment. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of their inception dates. The security pledged for these capital leases is the equipment financed.

Assets acquired through capital lease is as follows:

Asset:	GENERAL	PUBLIC	TOTAL
	ADMINISTRATION	TRANSPORTATION	
	ELECTION	CASE	
	EQUIPMENT	COMPACTION	
Cost	\$308,458	\$93,005	\$401,463
Less: Accumulated Depreciation	61,692	74,405	136,097
Total	\$246,766	\$18,600	\$265,366

The future minimum lease obligations and the net present value of the minimum lease payments as of September 30, 2019, is as follows:

Year Ending Sep. 30	ELECTION	CASE	Total
	EQUIPMENT	COMPACTION	
	Amount	Amount	
2020	\$50,000	\$8,762	\$58,762
2021	50,000		50,000
2022	50,000		50,000
2023	50,000		50,000
Total	200,000	8,762	208,762
Less: Amount Representing Interest	19,336	1	19,337
Present Value of Minimum Lease Payments	\$180,664	\$8,761	\$189,425

The above debt is to be serviced by the General Fund and the Debt Service Fund.

Changes in long-term liabilities:

	Beginning	Additions	Reductions	Ending	Summary	
					Due Within	Due in More
	Balance			Balance	One Year	Than One Year
<u>Governmental Activities:</u>						
Bonds Payable	\$20,640,000		\$1,075,000	\$19,565,000	\$1,120,000	\$18,445,000
Capital Lease Payable	33,697	308,458	152,730	189,425	51,182	138,243
Net Pension Liability	1,533,599	3,435,378		4,968,977		4,968,977
Compensated Absences Payable	255,350	276,313	255,350	276,313	165,787	110,526
Grand Total	\$22,462,646	\$4,020,149	\$1,483,080	\$24,999,715	\$1,336,969	\$23,662,746

The general fund and the road and bridge fund are used to service the compensated absences. The estimated amount due in the 2019-20 year is 60% or \$165,787. The government-wide statement of activities includes \$1,336,969 as "noncurrent liabilities, due within one year". The general fund and the road and bridge fund were used in prior years to liquidate pension liabilities.

V. Other Information

A. Risk Management

The government is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no instances where settlements exceeded insurance coverage in any of the three previous years.

Liabilities of the fund are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and number of payouts), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claim's liability estimate.

	Year ended <u>09/30/19</u>	Year ended <u>09/30/18</u>
Unpaid Claims, Beginning of Fiscal Year	\$ -0-	\$ -0-
Incurred Claims (including IBNRs)		
Claim Payments	<u>-0-</u>	<u>-0-</u>
Unpaid Claims, End of Fiscal Year	<u>\$ -0-</u>	<u>\$ -0-</u>

1. General Liability Insurance

The County is insured for general, police officers and automobile liability.

The County pays an annual premium to One Beacon American Insurance for auto vehicle insurance coverage. The agreement with One Beacon provides that One Beacon will be self-sustaining through member premiums and will reinsure through commercial companies for claims of combined single limits of \$1,000,000 for each insurance event. The County anticipates no contingent losses.

The County continues to carry commercial fidelity bonds for elected officials and for management.

2. Property and Casualty Insurance

Property, casualty, mobile equipment insurance is provided by One Beacon American Insurance.

3. Workers' Compensation Insurance

The County insures against workers' compensation claims through Texas Association of Counties.

4. Group Health and Life Insurance

Uvalde County maintains a self-funded stop/loss health insurance plan for active employees and their eligible dependents. The stop/loss amounts for the year 2019 were \$45,000 per individual and \$3,204,060 aggregate. The stop/loss amounts for the year 2020 are \$45,000 per individual and \$3,429,523 aggregate. Costs are recorded in the fund from which the employees' compensation is paid.

5. Unemployment Compensation Insurance

The County insures for unemployment compensation claims through an agreement with the Texas Workforce Commission (TWC).

B. Related Party Transaction

Most transactions are of the "arm's-length" variety. That is, it is assumed that both parties to the transaction are acting solely on basis of their self-interest. Occasionally, however, in the public and the private sectors, parties enter into transactions that an informed observer might reasonably believe reflect considerations other than self-interest. GAAP use the phrase *related party transactions* to describe such arrangements. While there is nothing inherently undesirable about related party transactions, they raise potential concerns regarding 1) the reasonability of the terms of the arrangement, and 2) the eventual collectability of related receivables.

The related party transactions were as follows:

A commissioner has borrowed money from the economic development fund. He owes \$9,114 at September 30, 2019. He paid \$4,800 in the 2018-2019 year.

A Justice of the Peace leases a building to the County for Justice of the Peace use. The Justice of the Peace was paid \$2,100 in the 2018-2019 year. There were no outstanding receivables or payables with respect to this lease at September 30, 2019.

A County Attorney leases a building to the County for Justice of the Peace use. The County Attorney was paid \$19,895 in the 2018-2019 year. There were no outstanding receivables or payables with respect to this lease at September 30, 2019.

C. Subsequent Events

On October 15, 2019, the Court awarded a fire truck bid to Siddons Martin Emergency Group in the amount of \$349,749.51. Awarded the bid for two (2) used rubber tire, single drum, vibratory rollers to RDO at a per unit rate of \$83,463.64 for a total cost of \$166,927.28, and awarded a bid to NPE for one (1) new pneumatic roller for a total cost of \$87,574.97. (All three rollers are to finance with Government Capital with annual payments of \$88,172.28 for 3 years.)

D. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

*Efrain E. Sanchez v. Uvalde County Sheriff's Department in the United States District Court for the Western District of Texas – Del Rio Division*, Civil Action No. 2:19-cv-00019-AM-VRG – This case concerns an incident which occurred on January 30, 2018 when Plaintiff was being transported to the Uvalde County Jail. While in transport to the Uvalde County Jail but having stopped over at the Victoria County Justice Center, the transport vehicle tapped a concrete pillar. Plaintiff, who was located in the transport vehicle, is claiming that he was injured as a result of the incident. The records indicate that Plaintiff Sanchez was not injured and did not receive any medical attention while at the Uvalde County Jail from January 30, 2018 to the date of his release, February 23, 2018. The County has filed a motion to dismiss Plaintiff's claims for failure to state a cause of action. The case is currently before the United States District Court. The County's risk of exposure is unknown at the audit report date.

E. Other post employment benefits

None

F. Tax abatements

Uvalde County executed an agreement with OCI ALAMO 5 LLC (a Solar Farm) to provide a 70% tax abatement for business Property and Improvements constructed, expanded, or acquired for a period of ten years provided the Improvements once constructed, shall constitute fixtures and shall remain in place and operational, to the extent commercially reasonable until at least twenty (20) years after the date the Certificate for such Improvements is provided by the Company. The incentive period began in the year ended September 30, 2014. The abatement amounted to \$590,332 for the fiscal year ended September 30, 2019.

OCI Solar shall install or shall cause to be installed the Project, and operate and maintain the Project, upon the Site for sale of generated solar energy.

OCI Solar is investing an amount up to approximately two hundred eighty-three million and zero one hundredths dollar (\$283,000,000.00).

This Agreement is authorized by Chapter 312 of the Texas Tax Code, as amended, and by the "Uvalde County Guidelines and Criteria for Tax Abatement.

The County finds that the terms of the abatement are within its Guidelines & Criteria, subject to any exceptions approved by the Commissioners Court, and that the approval of this Agreement will not have any substantial, long-term, adverse effect upon the provision of County's services or its tax base. The Commissioners Court also finds that OCI Solar's planned use of the Site inside the Reinvestment Zone does not constitute a hazard to public safety, health, or morals.

The occurrence of any of the following events during the Term of Agreement shall be deemed a default: failure to comply with the agreement, failure to pay ad valorem taxes, or cessation of operations. Upon default, the County is entitled to recapture one hundred percent (100%) of taxes already actually abated under this Agreement.

G. Prior Period Adjustments

The County has determined that certain transactions were recorded incorrectly in a prior year. The County had a prior period adjustment whereby governmental activities' Net Position was restated as follows: The beginning GASB 34 Receivables for the District Clerk were increased by \$83,552 due to an error in the software system. The restatement had the corresponding effect on the beginning Net Position, as follows:

	<b>Net Assets Position, as Previously Reported</b>	<b>District Clerk Receivables GASB 34 Restatement</b>	<b>Net Assets Position, As Restated</b>
<b>Governmental Activities:</b>			
Net Assets	\$17,319,789	\$83,552	\$17,403,341
<b>Total Governmental Activities</b>	<b>\$17,319,789</b>	<b>\$83,552</b>	<b>\$17,403,341</b>

## H. Summary of TCDRS Funding Policy

### Net Pension Liability/ (Asset)

Net Pension Liability/ (Asset)	<u>December 31, 2017</u>	<u>December 31, 2018</u>
Total pension liability	\$38,155,683	\$40,898,947
Fiduciary net position	36,622,084	35,929,970
Net pension liability/ (asset)	1,533,599	4,968,977
Fiduciary net position as a % of total pension liability	95.98%	87.85%
Pensionable covered payroll <sup>(1)</sup>	\$9,694,913	\$9,842,046
Net pension liability as a % of covered payroll	15.82%	50.49%

The total pension liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below.

*Note: Rounding differences may exist above or in other tables in this report.*

*Payroll is calculated based on contributions as reported to TCDRS.*

#### Discount Rate

Discount rate	8.10%	8.10%
Long-term expected rate of return, net of investment expense	8.10%	8.10%
Municipal bond rate <sup>(2)</sup>	Does not apply	Does not apply

*This rate reflects the long-term rate of return funding valuation assumption of 8.00%, plus 0.10% adjustment to be gross of administrative expenses as required by GASB 68.*

*The plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active, inactive, and retired members. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return, and the municipal bond rate does not apply. See page 6 of this report for further details.*

#### Other Key Actuarial Assumptions

All actuarial assumptions that determined the total pension liability as of December 31, 2018 were based on the results of an actuarial experience study for the period January 1, 2013 - December 31, 2016, except where required to be different by GASB 68.

See Appendix B of this report (Actuarial Methods and Assumptions Used for GASB Calculations) for a listing of key assumptions used in the calculation of the total pension liability and other GASB 68 metrics.

See Appendix C (Actuarial Methods and Assumptions Used for Funding Valuation) of this report for a full description of the actuarial assumptions used in the funding valuation.

	Beginning Date	Ending Date
Valuation date	December 31, 2017	December 31, 2018
Measurement date	December 31, 2017	December 31, 2018
Employer's fiscal year	October 1, 2018	September 30, 2019

## Long-Term Expected Rate of Return

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2019 information for a 10-year time horizon.

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2018. See Milliman's TCDRS Investigation of Experience report for the period January 1, 2013 - December 31, 2016 for more details.

Asset Class	Benchmark	Target Allocation	Geometric Real Rate of Return
U.S. Equities	Dow Jones U.S. Total Stock Market Index	11.50%	4.55%
Private Equity	Cambridge Associates Global Private Equity & Venture Capital Index	16.00%	7.55%
Global Equities	MSCI World (net) Index	1.50%	4.85%
Int'l Equities - Developed Markets	MSCI World Ex USA (net) Index	11.00%	4.55%
Int'l Equities - Emerging Markets	MSCI Emerging Markets (net) Index	8.00%	5.55%
Investment-Grade Bonds	Bloomberg Barclays U.S. Aggregate Bond Index	3.00%	0.75%
Strategic Credit	FTSE High-Yield Cash-Pay Capped Index	8.00%	4.12%
Direct Lending	S&P/LSTA Leveraged Loan Index	10.00%	8.06%
Distressed Debt	Cambridge Associates Distressed Securities Index	2.00%	6.30%
REIT Equities	67% FTSE NAREIT Equity REITs Index + 33% S&P Global REIT (net) Index	2.00%	4.05%
Master Limited Partnerships (MLPs)	Alerian MLP Index	3.00%	6.00%
Private Real Estate Partnerships	Cambridge Associates Real Estate Index	6.00%	6.25%
Hedge Funds	Hedge Fund Research, Inc. (HFRI) Fund of Funds Composite Index	18.00%	4.10%

## Depletion of Plan Assets/GASB Discount Rate

The discount rate is the single rate of return that, when applied to all projected benefit payments results in an actuarial present value of projected benefit payments equal to the total of the following:

1. The actuarial present value of benefit payments projected to be made in future periods in which (a) the amount of the pension plan's fiduciary net position is projected to be greater than the benefit payments that are projected to be made in that period and (b) pension plan assets up to that point are expected to be invested using a strategy to achieve the long-term rate of return, calculated using the long-term expected rate of return on pension plan investments.
2. The actuarial present value of projected benefit payments not included in (1), calculated using the municipal bond rate.

Therefore, if plan investments in a given future year are greater than projected benefit payments in that year and are invested such that they are expected to earn the long-term rate of return, the discount rate applied to projected benefit payments in that year should be the long-term expected rate of return on plan investments. If future years exist where this is not the case, then an index rate reflecting the yield on a 20-year, tax-exempt municipal bond should be used to discount the projected benefit payments for those years.

The determination of a future date when plan investments are not sufficient to pay projected benefit payments is often referred to as a depletion date projection. A depletion date projection compares projections of the pension plan's fiduciary net position to projected benefit payments and aims to determine a future date, if one exists, when the fiduciary net position is projected to be less than projected benefit payments. If an evaluation of the sufficiency of the projected fiduciary net position compared to projected benefit payments can be made with sufficient reliability without performing a depletion date projection, alternative methods to determine sufficiency may be applied.

In order to determine the discount rate to be used by the employer we have used an alternative method to determine the sufficiency of the fiduciary net position in all future years. Our alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act.

1. TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
2. Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
3. The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
4. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB 68 purposes.

Therefore, we have used a discount rate of 8.10%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.00%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

As additional documentation for auditing purposes, we have shown the projection of the Fiduciary Net Position in the following exhibit ("Projection of Fiduciary Net Position").

## Projection of Fiduciary Net Position

<b>Projection of Fiduciary Net Position</b>						
Calendar Year Ending	Projected Beginning Fiduciary Net Position (a)	Projected Total Contributions (b)	Projected Benefit Payments (c)	Projected Administrative Expenses (d)	Projected Investment Earnings (e)	Projected Ending Fiduciary Net Position (a)+(b)-(c)-(d)+(e)
2019	\$35,929,970	\$1,710,306	\$2,468,585	\$35,930	\$2,878,788	\$38,014,549
2020	38,014,549	1,663,466	2,208,758	38,015	3,056,014	40,487,257
2021	40,487,257	1,680,404	2,431,282	40,487	3,248,042	42,943,933

Balances as of December 31, 2018	\$40,898,946	\$35,929,970	\$4,968,977

**Sensitivity Analysis**

The following presents the net pension liability of the employer, calculated using the discount rate of 8.10%, as well as what the Uvalde County net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7.10%) or 1 percentage point higher (9.10%) than the current rate.

	<b>1% Decrease 7.10%</b>	<b>Current Discount Rate 8.10%</b>	<b>1% Increase 9.10%</b>
Total pension liability	\$46,045,716	\$40,898,947	\$36,551,186
Fiduciary net position	35,929,970	35,929,970	35,929,970
Net pension liability/(asset)	\$10,115,746	\$4,968,977	\$621,216

**Pension Expense / (Income)**

**Pension Expense / (Income)**

**January 1, 2018 to  
December 31, 2018**

Service cost	\$1,261,703
Interest on total pension liability	3,128,399
Effect of plan changes	0
Administrative expenses	28,859
Member contributions	(688,943)
Expected investment return net of investment expenses	(2,965,991)
Recognition of deferred inflows/outflows of resources	
Recognition of economic/demographic gains or losses	(154,915)
Recognition of assumption changes or inputs	141,324
Recognition of investment gains or losses	963,491
Other	(4,117)
Pension expense	\$1,709,810

As of December 31, 2018, the deferred inflows and outflows of resources are as follows:

**Deferred Inflows/Outflows of Resources**

	<b>Deferred Inflows of Resources</b>	<b>Deferred Outflows of Resources</b>
Differences between expected and actual experience	\$121,320	\$56,199
Changes of assumptions	0	103,865
Net difference between projected and actual earnings	0	2,286,176
Contributions made subsequent to measurement date	N/A	Employer determined

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

Year ending December 31:

2019	\$855,692
2020	430,192
2021	309,419
2022	729,617
2023	0
Thereafter	0

Note: The contributions made after the measurement date of the net pension/OPEB liability or collective net pension/OPEB liability by the County was \$1,224,831.

2018	947,705	947,705	0	9,842,046	9.6%

## Notes to Schedule

Valuation Date: Actuarially determined contribution rates are calculated each December 31, two years prior to the end of the fiscal year in which contributions are reported.

### Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age
Amortization Method Remaining	Level percentage of payroll, closed
Amortization Period Asset	13.5 years (based on contribution rate calculated in 12/31/2018 valuation) 5-year
Valuation Method Inflation	smoothed market
Salary Increases Investment	2.75%
Rate of Return Retirement	Varies by age and service. 4.9% average over career including inflation.
Age	8.00%, net of administrative and investment expenses, including inflation
Mortality	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.  130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.
Changes in Assumptions and Methods Reflected in the Schedule of Employer Contributions*	2015: New inflation, mortality and other assumptions were reflected.  2017: New mortality assumptions were reflected.
Changes in Plan Provisions Reflected in the Schedule of Employer Contributions*	2015: No changes in plan provisions were reflected in the Schedule.  2016: No changes in plan provisions were reflected in the Schedule.  2017: New Annuity Purchase Rates were reflected for benefits earned after 2017.  2018: No changes in plan provisions were reflected in the Schedule.

## Appendix A- GASB 68 Plan Description for Uvalde County

A description of the pension plan pursuant to Paragraph 40 of GASB Statement No. 68 is as follows:

- a. Uvalde County participates in the Texas County & District Retirement System (TCDRS), which is a statewide, agent multiple-employer, public employee retirement system.
- b. A brief description of benefit terms:
  - 1) All full- and part-time non-temporary employees participate in the plan, regardless of the number of hours they work in a year. Employees in a temporary position are not eligible for membership.
  - 2) The plan provides retirement, disability and survivor benefits.
  - 3) TCDRS is a savings-based plan. For the county's plan, 7% of each employee's pay is deposited into his or her TCDRS account. By law, employee accounts earn 7% interest on beginning of year balances annually. At retirement, the account is matched at an employer set percentage (current match is 200%) and is then converted to an annuity.
  - 4) There are no automatic COLAs. Each year, the county may elect an ad hoc COLA for its retirees (if any). There are two COLA types, each limited by actual inflation.
  - 5) Benefit terms are established under the TCDRS Act. They may be amended as of Jan. 1 each year, but must remain in conformity with the Act.
- c. Membership information is shown in the chart below.
- d. The county's contribution rate is calculated annually on an actuarial basis, although the employer may elect to contribute at a higher rate. The Uvalde County contribution rate is based on the TCDRS funding policy adopted by the TCDRS Board of Trustees and must conform with the TCDRS Act. The employee contribution rates are set by the county and are currently 7%. Contributions to the pension plan from the county for 2018 are shown in the Schedule of Employer Contributions.
- e. The most recent comprehensive annual financial report for TCDRS can be found at the following link, [www.tcdrs.org](http://www.tcdrs.org).

### Membership Information

Members	Dec.31,2017	Dec.31,2018
Number of inactive employees entitled to but not yet receiving benefits:	170	176
Number of active employees:	250	269
Average monthly salary*:	\$3,235	\$3,194
Average age*:	45.75	45.29
Average length of service in years*:	9.90	9.71
<b>Inactive Employees (or their Beneficiaries) Receiving Benefits</b>		
Number of benefit recipients:	113	115
Average monthly benefit:	\$1,075	\$1,143

*\*Averages reported for active employees.*

## **Appendix B-Actuarial Methods and Assumptions Used for GASB Calculations**

All actuarial methods and assumptions used for this GASB analysis were the same as those used in the December 31, 2018 funding valuation (see Appendix C, following, for details), except as noted below and throughout this report. Please see the Uvalde County December 31, 2018 Summary Valuation Report for further details.

The following are the key assumptions and methods used in this GASB analysis.

<b>Valuation Timing</b>	Actuarially determined contribution rates are calculated on a calendar year basis as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
<b>Actuarial Cost Method</b>	Entry Age Normal
<b>Amortization Method</b>	
Recognition of economic/demographic gains or losses	Straight-Line amortization over Expected Working Life
Recognition of assumptions changes or inputs	Straight-Line amortization over Expected Working Life
<b>Asset Valuation Method</b>	
Smoothing period	5 years
Recognition method	Non-asymptotic
Corridor	None
<b>Inflation</b>	Same as funding valuation: See Appendix C
<b>Salary Increases Investment</b>	Same as funding valuation: See Appendix C
<b>Rate of Return Cost-of-Living</b>	8.10% (Gross of administrative expenses)
<b>Adjustments</b>	Cost-of-Living Adjustments for Uvalde County are not considered to be substantively automatic under GASB 68. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation.
<b>Retirement Age</b>	Same as funding valuation: See Appendix C
<b>Turnover</b>	Same as funding valuation: See Appendix C
<b>Mortality</b>	Same as funding valuation: See Appendix C

## **Appendix C-Actuarial Methods and Assumptions Used for Funding Valuation**

Except where indicated in the section of this GASB 68 report entitled "Actuarial Methods and Assumptions Used for GASB Calculations", the assumptions used in this analysis for the December 31, 2016 financial reporting metrics are the same as those used in the December 31, 2018 actuarial valuation analysis for Uvalde County.

The following is a description of the assumptions used in the December 31, 2018 actuarial valuation analysis for Uvalde County. This information may also be found in the Uvalde County December 31, 2018 Summary Valuation Report.

### **Economic Assumptions**

#### **TCDRS system-wide economic assumptions:**

Real rate of return	5.25%
Inflation	2.75%
Long-term investment return	8.00%

The assumed long-term investment return of 8% is net after investment and administrative expenses. It is assumed returns will equal the nominal annual rate of 8% for calculating the actuarial accrued liability and the normal cost contribution rate for the retirement plan of each participating employer.

The annual salary increase rates assumed for individual members vary by length of service and by entry-age group. The annual rates consist of a general wage inflation component of 3.25% (made up of 2.75% inflation and 0.5% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.6% per year for a career employee. (See Table 1 for Merit Salary Increases.)

#### **Employer-specific economic assumptions:**

Growth in membership	0.00%
Payroll growth for funding calculations	3.25%

The payroll growth assumption is for the aggregate covered payroll of an employer.

**Table 1**  
**Merit Salary Increases\***

Years of Service	Entry Age			
	Before 30	Ages 30-39	Ages 40-49	50 and later
0	5.00%	4.50%	4.00%	3.50%
1	4.25	3.75	3.25	2.75
2	3.85	3.35	2.85	2.35
3	3.50	3.00	2.50	2.00

29	0.65	0.60	0.50	0.50
30 & Up	0.60	0.60	0.50	0.50

**Demographic Assumptions**

**TCDRS system-wide demographic assumptions:**

**Replacement of Terminated Members -** New employees are assumed to replace any terminated members and have similar entry ages.

**Disability -** The rates of disability used in this valuation are illustrated in Table 2. Members who become disabled are eligible to commence benefit payments regardless of age. Rates of disability are in a custom table based on TCDRS experience.

**Table 2  
Annual Rates of Disability\***

Age	Work Related Male and Female	All Other Causes Male and Female
less than 25	0.000%	0.000%

60 & Above	0.018	0.000

\* The probability of disablement from all other causes is applicable for members who are vested but not eligible for service retirement. Before a member is vested, only the work-related disability provisions are applicable.

**Mortality**

Depositing members	90% of the RP-2014 Active Employee Mortality Table for males and 90% of the RP-2014 Active Employee Mortality Table for females, projected with 110% of the MP-2014 Ultimate scale after 2014.
Service retirees, beneficiaries and non-depositing members	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.
Disabled retirees	130% of the RP-2014 Disabled Annuitant Mortality Table for males and 115% of the RP-2014 Disabled Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014

**Family Composition** - For current retirees, beneficiary information is supplied by TCDRS. For purposes of calculating the Survivor Benefit for current depositing and non-depositing members, male members are assumed to have a female beneficiary who is three years younger. Female members are assumed to have a male beneficiary who is three years older.

**Service Retirement** - Members eligible for service retirement are assumed to retire at the rates shown in Table 3.

**Table 3**  
**Annual Rates of Service Retirement\***

Age	Male	Female
40-44	4.5%	4.5%
45-49	9.0	9.0

\* *Deferred members are assumed to retire (100% probability) at the later of:*

- a) *age 60*
- b) *earliest retirement eligibility.*

\*\* *For all eligible members ages 75 and later, retirement is assumed to occur immediately.*

**Employer-specific demographic assumptions:**

**Other Terminations of Employment** - The rate of assumed future termination from active participation in the plan for reasons other than death, disability or retirement are illustrated in Table 4. The rates vary by length of service, entry-age group (age at hire) and gender. No termination after eligibility for retirement is assumed.

**Table 4**  
**Annual Rates of Termination**

Years of Service	Entry Age 20		Entry Age 30		Entry Age 40		Entry Age 50	
	Male	Female	Male	Female	Male	Female	Male	Female

**Withdrawals** - Members who terminate may either elect to leave their account with TCDRS or withdraw their funds. The probability that a member elects a withdrawal varies by length of service and vesting schedule. Rates applied to your plan are shown in Table 5. For non-depositing members who are not vested, 100% are assumed to elect a withdrawal.

**Table 5  
Probability of Withdrawal**

Years of Service	Probability	Years of Service	Probability
0	100%	15	40

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

## Non-major Governmental Funds

### *Special Revenue Funds*

The Special Revenue Funds for Uvalde County, Texas, consist of the Judicial, Legal, and Forfeiture Funds and Other Special Revenue Funds that have revenues earmarked for the financing of functions and activities of government as shown in the various expenditure schedules.

#### JUDICIAL, LEGAL, AND FORFEITURE SPECIAL REVENUE FUNDS

The Judicial, Legal, and Forfeiture Funds account for funds that are used for Judicial and Legal purposes and confiscated funds seized during crimes that are awarded to the County for legal and law enforcement purposes.

The Sheriff Federal Forfeiture, Sheriff State Forfeiture, Narcotics Intradiction Fund, and Sheriff Seizure Funds account for monies forfeited to the Sheriff, to be used solely for the investigation of any alleged violations of the criminal laws of the State.

The District Attorney Administrative and Fee Funds account for District attorney fees and other funds used for operations of the District Attorney's Office.

The District Attorney Forfeiture Fund accounts for monies forfeited to the District Attorney to be used for criminal investigations.

The County Attorney Hot Check Collection Fund accounts for fees collected by the County Attorney that are used for operations of the County Attorney's office.

The Law Library Fund provides for the establishment and maintenance of a library for the use of members of the Texas Bar Association. It is stocked with several thousand books. Revenues are derived from fees which are assessed against each civil case filed in County and District Courts.

The Court Reporter Fund accounts for fees that are collected and used for court costs.

The Jury Fund accounts for Jury fees that are collected and used for jury costs.

The Stonegarden Grant, the Stonegarden Grant Uvalde, the Border Prosecution Fund, and the Sheriff LEOSE Fund account for grant monies and local contributions to assist the Sheriff's office in combating drugs and other crimes.

The Sheriff Commissary fund accounts for monies used to purchase supplies for sale to inmates. The proceeds accumulated in this fund are used to purchase supplies and equipment for law enforcement.

## SPECIAL REVENUE FUNDS

(continued)

### OTHER SPECIAL REVENUE FUNDS

The Other Special Revenue Funds consist of other funds that account for functions and activities. The Other Special Revenue Funds consist of the following funds:

The Tobacco Settlement Fund accounts for funds used for general administrative costs.

The County Court preservation, records management, County records management, Archival fee, District Court records archival, District Court preservation, and the District Clerk records management accounts for fees and other funds used for records management purposes.

The District Clerk and the County Clerk Court Technology funds accounts for fees and other funds used for keeping the offices abreast of the latest technology.

The Courthouse Security Fund accounts for funds used for courthouse security purposes.

The Victims of Crime Funds (D.A.) accounts for monies held for the benefit of victims of crime.

The J.P. Technology Fund accounts for funds used for Justice of the Peace equipment.

The EMPG Fund accounts for funds used for combating bio terrorism.

The Historical Commission Fund accounts for funds used for preserving Uvalde County's heritage.

The HAVA Grant Fund is to purchase electronic voting equipment.

The Security Fee Fund is to help provide security for the Justice's of the Peace.

The TIDC Fund is to help with indigent defense.

The Fairplex Department Fund administers the Fairplex Park.

The Economic Development fund accounts for monies used to encourage economic development in the county.

The Family Protection fee fund accounts for fees collected to help with the protection of the defendant's family.

Constable No. 1 LEOSE fund and the Constable No. 4 LEOSE funds account for monies to help further the prevention of crime in the county.

Nutrition fund provides nutrition assistance to elderly people.

The Uvalde estate Septic fund is used for permitting septic systems in Uvalde Estates.

The County Court Restitution fund is used to make whole certain crime victims.

The Local Border Security fund is used to help promote border security.

SPECIAL REVENUE FUNDS

(continued)

The River Cleanup fund is used to help keep the Nueces River clean.

***Capital Projects Funds***

The FEMA Disaster fund, the Flood Protection Warning fund, and the CDBG Grant 7215177 fund account for monies to assist in construction needs of the County.

## STATISTICAL SECTION

This part of the Uvalde County’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government’s overall financial health.

<b>Contents</b>	<b>Page</b>
Financial Trends	125
. <i>These schedules contain trend information to help the reader understand how the government’s financial performance and well-being have changed over time.</i>	
Revenue Capacity	128
. <i>These schedules contain information to help the reader assess the government’s most significant local revenue source, the property tax.</i>	
Debt Capacity	137
. <i>These schedules present information to help the reader assess the affordability of the government’s current levels of outstanding debt and the government’s ability to issue additional debt in the future.</i>	
Demographic and Economic Information	141
. <i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the government’s financial activities take place.</i>	
Operating Information	144
. <i>These schedules contain service and infrastructure data to help the reader understand how the information in the government’s financial report relates to the services the government provides and the activities it performs.</i>	

*Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year.*

The above information was obtained from the Texas Bond Review website.

Note: Above debt only includes general bonded debt.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the respective entity's taxable assessed value that is within the County's boundaries and dividing it by the entity's total taxable assessed value.

(2) The net debt includes both the bonded debt, notes payable, and capital lease debt.
